Item 4: Advisory Business

A. Description of the Advisory Firm

This firm has been in business since October 1, 2010, and the principal owners are Matthew Joseph Fenedick and Martin A. Federici, Jr.

B. Types of Advisory Services

MF Advisers, Inc. (hereinafter "MFA") offers the following services to advisory clients:

Investment Supervisory Services

MFA offers ongoing portfolio management services based on the individual goals, objectives, time horizon, and risk tolerance of each client. MFA creates an Investment Policy Statement for each client, which outlines the client's current situation (income, tax levels, and risk tolerance levels) and then constructs a plan (the Investment Policy Statement) to aid in the selection of a portfolio that matches each client's specific situation. Investment Supervisory Services include, but are not limited to, the following:

- Investment strategy
- Asset allocation
- Risk tolerance
- Personal investment policy
- Asset selection
- Regular portfolio monitoring

MFA evaluates the current investments of each client with respect to their risk tolerance levels and time horizon. MFA will request discretionary authority from clients in order to select securities and execute transactions without permission from the client prior to each transaction. Risk tolerance levels are documented in the Investment Policy Statement, which is given to each client.

Financial Planning

Financial plans and financial planning may include, but are not limited to: investment planning, life insurance; tax concerns; retirement planning; college planning; and debt/credit planning. These services are based on hourly fees and the final fee structure is documented in Exhibit II of the Financial Planning Agreement.

Services Limited to Specific Types of Investments

MFA limits its investment advice and/or money management to mutual funds, equities, bonds, fixed income, debt securities, ETFs, REITs, and government securities. MFA may use other securities as well to help diversify a portfolio when applicable.

C. Client Tailored Services and Client Imposed Restrictions

MFA offers the same suite of services to all of its clients. However, specific client financial plans and their implementation are dependent upon the client Investment Policy Statement which outlines each client's current situation (income, tax levels, and risk tolerance levels) and is used to construct a client specific plan to aid in the selection of a portfolio that matches restrictions, needs, and targets.

Clients may impose restrictions in investing in certain securities or types of securities in accordance with their values or beliefs. However, if the restrictions prevent MFA from properly servicing the client account, or if the restrictions would require MFA to deviate from its standard suite of services, MFA reserves the right to end the relationship.

D. Wrap Fee Programs

MFA does not participate in any wrap fee programs.

E. Amounts Under Management

MFA has the following assets under management:

Discretionary Amounts:	Non-discretionary Amounts:	Date Calculated:
\$15,079,424.00	\$2,071,805.00	12/31/2016

Item 5: Fees and Compensation

A. Fee Schedule

Assets Under Management Breakpoints (Investment Supervisory Services Fees)

Total Assets Under Management	Annual Fee
\$1 - \$499,999	1.00%
\$500,000 - \$999,999	0.75%
\$1,000,000 and Above	0.50%

Asset fee will be calculated monthly by taking total dollar values of household account(s) on 1st & last day of the month, adding them together, dividing by 2, & then multiplying by appropriate percentages indicated on above table, dividing by 12 to arrive @ the fee. (Prorating applies if assets come over on a day other than the first of the month)

Example: A household with \$1,250,000 would have an estimated annual fee of \$10,000.
up to \$499,999.99 X 1% = \$5000
next \$500,000 X 0.75% = \$3750
next \$250,000 X 0.50% = \$1250

Total: \$5000 + \$3750 + \$1250 = \$10,000 annual fee

The above-mentioned fee calculation is done with assets held at **Scottrade** and at **Vanguard** (for clients with PA Investment Plan 529 accounts).

For clients with assets held at **ASpire**, the fee calculation is as follows:
Asset balance taken at the end of the quarter X .25%

For clients with assets held at **Jefferson National** (annuities), the fee calculation is as follows:
Asset balance taken at specific (monthly) date X .0833%

These fees are negotiable and the final fee schedule is attached as Exhibit II of the Investment Advisory Contract. Fees are paid monthly in arrears, and clients may terminate their contracts with thirty days' written notice. Immediate family members are NOT assessed advisory fees. Immediately family would include spouses, siblings, children, parents, grandparents, aunts & uncles, and first cousins.

Because fees are charged in arrears, no refund policy is necessary. Clients may terminate their accounts without penalty within 5 business days of signing the advisory contract.

Advisory fees are withdrawn directly from the client's accounts with client written authorization. Because client fees will be withdrawn directly from client accounts, this advisor must:

(A) Possess written authorization from the client to deduct advisory fees from an account held by a qualified custodian.

(B) Send the qualified custodian written notice of the amount of the fee to be deducted from the client's account.

(C) Send the client a written invoice itemizing the fee, including any formulae used to calculate the fee, the time period covered by the fee and the amount of assets under management on which the fee was based.

Financial Planning Fees ***Hourly Fees***

Depending upon the complexity of the situation and the needs of the client, the hourly fee for these services is **\$175**. The fees are negotiable and the final fee schedule will be attached as Exhibit II of the Financial Planning Agreement. Fees are paid in arrears upon completion. Because fees are charged in arrears, no refund is necessary. Clients may terminate their contracts without penalty within five business days of signing the advisory contract.

Hourly fees are billed in arrears @ **\$175/hr.** for ALL services/planning/advice if **MF Advisers** does NOT manage all of your investments that we are able to manage (pursuant to your planning needs).

If **MF Advisers** manages ALL of your investments, we do NOT charge hourly fees for any services EXCEPT the current workplace retirement plan reviews (done quarterly). Immediate family members are NOT assessed financial planning fees.

B. Payment of Fees

Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

C. Risks of Specific Securities Utilized

MFA generally seeks investment strategies that do not involve significant or unusual risk beyond that of the general domestic and/or international equity markets.

Stocks & Exchange Traded Funds (ETF): Investing in stocks & ETF's carries the risk of capital loss. Investments in these securities are not guaranteed or insured by the FDIC or any other government agency. You can lose money investing in stocks & ETF's.

Mutual Funds: Investing in mutual funds carries the risk of capital loss. Mutual funds are not guaranteed or insured by the FDIC or any other government agency. You can lose money investing in mutual funds. All mutual funds have costs that lower investment returns.

Past performance is not a guarantee of future returns. Investing in securities involves a risk of loss that you, as a client, should be prepared to bear.

Item 12: Brokerage Practices

A. Factors Used to Select Custodians and/or Broker/Dealers

The Custodians, Scottrade, Vanguard, ASPIre, and Jefferson National, were chosen based on their relatively low transaction fees and access to mutual funds and ETFs. MFA will never charge a premium or commission on transactions, beyond the actual cost imposed by Custodian.

1. *Research and Other Soft-Dollar Benefits*

MFA receives no research, product, or service other than execution from a broker-dealer or third-party in connection with client securities transactions ("soft dollar benefits").

2. *Brokerage for Client Referrals*

MFA receives no referrals from a broker-dealer or third party in exchange for using that broker-dealer or third party.

3. *Clients Directing Which Broker/Dealer/Custodian to Use*

MFA allows clients to direct brokerage. MFA may be unable to achieve most favorable execution of client transactions if clients choose to direct brokerage. This may cost clients money because without the ability to direct brokerage MFA may not be able to aggregate orders to reduce transactions costs resulting in higher brokerage commissions and less favorable prices.

B. Aggregating (Block) Trading for Multiple Client Accounts

MFA maintains the ability to block trade purchases across accounts but will rarely do so. While block trading may benefit clients by purchasing larger blocks in groups, we do not feel that the clients are at a disadvantage due to the best execution practices of our custodian.

Item 13: Reviews of Accounts

A. Frequency and Nature of Periodic Reviews and Who Makes Those Reviews

Client accounts are reviewed at least monthly by Matthew Joseph Fenedick and Martin A. Federici, Jr. They are instructed to review clients' accounts with regards to their investment policies and risk tolerance levels. All accounts at IA are assigned to these reviewers.

All financial planning accounts are reviewed upon financial plan creation and plan delivery by Matthew Joseph Fenedick and Martin A. Federici, Jr. There is only one level of review and that is the total review conducted to create the financial plan.

B. Factors That Will Trigger a Non-Periodic Review of Client Accounts

Reviews may be triggered by material market, economic or political events, or by changes in client's financial situations (such as retirement, termination of employment, physical move, or inheritance).

C. Content and Frequency of Regular Reports Provided to Clients

Each client will receive at least quarterly a written report detailing the clients account performance, which may come from the custodian.

Clients are provided a one-time financial plan concerning their financial situation. After the presentation of the plan, there are no further reports. Clients may request additional plans or reports for a fee.

All buying and selling of securities is explained to clients in detail before an advisory relationship has commenced.

Item 17: Voting Client Securities (Proxy Voting)
